Chapter I

General Information

The mid-evaluation allows the school to ensure that everything is going well during your time working for a company.

Please take note of the following information:

- This evaluation is sent halfway through the duration of your contract.
- Your company supervisor (referent) should receive an email about it a few days in advance, giving you time to schedule a meeting to complete the evaluation.
- It is strongly recommended that both the referent and the learner be present during the evaluation. However, if that is not possible, the referent may complete it alone.
- If your referent hasn't received the evaluation, you can re-send it from your company page on the intranet (use the **resend evaluation** option).
- Make sure the email provided when signing the contract is accurate, as this will be used to send the evaluation.
- In any case, if you are facing an issue that cannot be resolved, feel free to contact your school's Business Relations team. They will assist you.
